

ABS is a great place to work

2024 PI Employee Satisfaction Survey

We are thrilled to share the results of our 2024 Employee Satisfaction Survey, conducted by The Predictive Index, a trusted external platform known for its accuracy and reliability in employee engagement data.

With an impressive 85% participation rate, the results reflect a strong commitment across our teams. The highlight? A remarkable 96% engagement score, 19 points above the industry average. This outstanding result reflects our organizational health and the team's strong commitment to driving a culture of collaboration and shaping an environment where employees feel heard, valued, and motivated.

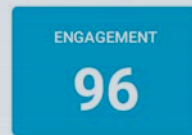

94% of employees feel inspired by the leadership and future direction of the company, further emphasizing the strength of our leadership, clear communication of goals, and cohesive team spirit.

With a strong focus on development and innovation, Atlantic Bearing Services has established itself as an excellent place to grow and participate in meaningful projects within a dynamic, success-oriented organization.

Thank you, team!

Your Organization's Results

Key Category

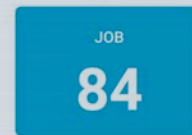

External Benchmark: 77 **+19**

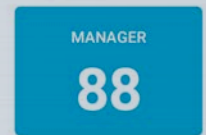

Engagement is the key category, representing overall organizational health. It's derived from a select set of questions like "I am proud to work for this organization."

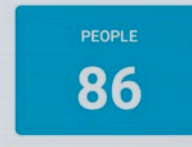

Employee Experience Categories

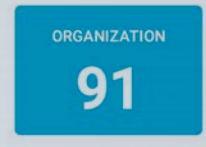

External Benchmark: 72 **+12**

External Benchmark: 80 **+8**

External Benchmark: 75 **+11**

External Benchmark: 66 **+25**

Job, Manager, People and Organization are additional categories representing the employee experience. They're derived from questions such as "I am excited about the work I do every day."
