## Trade Mission for ABMA and AGMA / October 2024

The American Gear Manufacturers Association (AGMA) along with the American Bearing Manufacturers Association (ABMA), is conducting a trade mission to Mexico in October 2024, and you are cordially invited to be a part of this unique experience.

The trade mission will include plant tours, business meetings, and networking sessions with approximately 20 executives from the power transmission industry. Our goal is to learn more about the Mexican power transmission industry, in the hopes of conducting further business in the region.

ABMA and AGMA are trade associations representing bearings and gear manufacturers for more than 100 years, focusing on technical standards and education for the industries

Sincerely,

Matthew Croson  
President  
AGMA

Jenny Blackford  
President  
ABMA
